## About Us

Established in 2005, Land Home Financial Insurance Services is a wholly owned subsidiary of California-based Land Home Financial Services, Inc., a top 100 mortgage lender. The agency was originally established to efficiently provide mortgage division employees and their clients with competitively priced insurance options through reputable carriers. This would help streamline an integral step in the loan closing process. We have since developed into a full-service insurance agency operating in 13 states and growing. At Land Home Financial Insurance Services, we understand the importance of maintaining quality insurance coverage to safeguard you, your family and your way of life. As an independent agency, we will help you find and compare insurance coverage from some of the nation's leading carriers. This means we are not bound by the restrictions of any one insurance carrier but instead quote with many carriers to find the right fit at the most competitive price. We offer a unique combination of knowledge and resources, while maintaining a friendly neighborhood agency atmosphere.

## Umbrella

*Powerful Coverage for All Your Assets*

Umbrella insurance is excess liability coverage. It is designed to cover you when the liability limits on your home or auto policies have been met. Take some time to review your assets with a Land Home Financial Insurance Services agent to see if you should have supplemental liability coverage to shield you and your family from the unthinkable.

Not sure if you should have an Umbrella policy? Does the total value of all your combined assets exceed the Liability Coverage amount on your auto or homeowners insurance policy? If you answered yes to this question, you should have an Umbrella policy to ensure you are properly protected.
